Background

Ed Chassé is a Senior Surety and Fidelity Bond Claims Adjuster with BBCG's Toronto office. He is a graduate of Carleton University with a B.A. in Economics and Law, and is an Associate of the Insurance Institute of Canada.

As a founding partner of BBCG, Ed has over 25 years of claims adjusting experience, managing surety and fidelity claims for a variety of insurers as an independent adjuster. His earlier experience includes several years with major insurers, adjusting and supervising surety and fidelity claims throughout Canada and the United States. Ed is a frequent speaker to industry and professional groups on the subject of construction surety bonds.

Areas of Practice

- Specialist in construction surety bond claims.
- Specialist in builders' risk and course of construction.
- Recognized expert in contract surety claims.
- Miscellaneous surety claims.
- Professional liability claims.

Professional Experience

- Managed surety and fidelity bond claims across Canada. Investigated, assessed and implemented claims handling strategies for numerous, large, multiple project surety defaults involving general contractors and subcontractors spanning all different trades.
- Direct involvement in the largest construction default in Canadian history involving over 100 bonded projects in four countries.
- Managed projects including schools, municipal buildings and large infrastructure projects such as bridges, roads and sewage treatment systems.

Professional & Community Activities

- Member, Canadian Construction Documents Committee, Sub-Committee on Bond Wording
- Contributing author, "Guide to Surety Bonds"
- Member, Canadian Independent Insurance Adjusters' Association
- Member, Ontario Insurance Adjusters' Association
